

REMARKS

Supplemental Information Disclosure Statement

Pursuant to 37 C.F.R. § 1.56 and in accordance with 37 C.F.R. §§ 1.97-1.98, the Applicant attaches hereto a completed PTO Form 1449 (modified) and, if required, copies of the information cited therein.

Identification of Time of Filing this Information Disclosure Statement

Although this Information Disclosure Statement (IDS) is being filed after a Notice of Allowance, Applicant notes that a substantially identical IDS, which cited exactly the same references, was first filed on January 31, 2007. However, the originally-filed IDS inadvertently specified an incorrect application number in its header, and therefore was not entered into the file wrapper of the present application. The only differences between the presently filed IDS and the January 31, 2007 IDS are the application number and art unit number specified in the header of the PTO Form 1449 (modified).

Supplemental Declaration

Pursuant to 37 C.F.R. § 1.67, the Applicant attaches hereto a supplemental declaration. The originally filed Application Data Sheet correctly indicated the citizenship of the Applicant as the United Kingdom. However, the originally filed declaration inadvertently indicated the citizenship of the Applicant as the United States of America. The substitute declaration is being filed to correctly indicate that the Applicant is a citizen of the United Kingdom.

Respectfully submitted,
